	two colors.... 3.75
	three colors.. 5.25

LITHOGRAPHING.

The schedule given below applies to Black Color only. Other colors are from 10 per cent. to 25 per cent. higher, according to color. No schedule for estimating engraving can be given; but, where the order involves a thousand or more impressions, it is safe to assume that the lithographer will reproduce the engraving free, if it is not too elaborate and contains no pictures or vignettes of buildings, etc.

Where an order calls for less than five hundred impressions, figure \$1.50 for transfer and \$1.50 per hundred impressions.

Transfers of letter, note and bill headings, checks, cards, etc. \$1.50.

NUMBER OF IMPRESSIONS.	PRICE.
500.....@	80 cents per 100, transfers extra.
1,000.....@	60 cents per 100, transfers extra.
1,500.....@	60 cents per 100, no transfer.
2,000.....@	55 cents per 100, no transfer.
2,500.....@	50 cents per 100, no transfer.
3,000.....@	50 cents per 100, no transfer.
4,000.....@	40 cents per 100, no transfer.
5,000.....@	35 cents per 100, no transfer.
6,000.....@	30 cents per 100, no transfer.
10,000.....@	28 cents per 100, no transfer.

Bronze should be figured as two printings.

In lithographing checks, as a rule, the orders call for one or two books, and should be figured at \$1.50 per 100 impressions, with \$1.50 for transfer added.

Lithographing Stock Certificates.

2, on 15 x 19. Two colors, green and black, etc.

250 certificates	\$11.62
Black on backs.....	4.81
500	17.24

10,000.....	4.50

For colored ink, add 10 cents per 1,000 impressions.

Where composition is very elaborate it will be charged at the rate of 50 cents per hour.

Bookwork: No scale can be given for bookwork, as it depends upon matter, face of type, number of cuts, etc.

Hand composition is as a rule figured at from 50 to 75 cents per 1,000 ems, and double rate for tabular work.

Linotype composition is figured from 25 to 40 cents per 1,000 ems, according to matter, and cannot be set in one slug wider than 25 ems pica. Most good printers do not advocate linotype composition for fine bookwork.

Imprinting Revenue Stamps on Checks, Notes, Drafts, Etc.

Under the Government regulations which went into effect July 1st, the prices for imprinting are uniform with all contractors and inflexible, viz. : 80 cents per thousand stamps imprinted, when imprinted upon sheets containing five or more stamps, and \$1 per thousand stamps when imprinted upon sheets containing less than five stamps to the sheet, and all freight or delivery charges must be paid by the parties ordering.

NOTE.—You pay contractor for imprinting only, as contractors for imprinting are forbidden to receive remittances for stamps. The payment for stamps must accompany your request to the collector for the requisition. This new ruling is to be rigidly enforced.

Your request for requisitions must be made on your firm letter head, stating number of stamps, amount in dollars and cents, and contractor who is to do the imprinting.

Allow as much time as possible, as it is a difficult matter to hurry through a requisition. There are others; remember that.

Collector for New York City : American Tract Society Building, Nassau and Spruce Street, New York.

BLACK BORDERING

ON

Note Paper } 5 quire lots, 10 cents per quire.

Envelopes } Ream lots, \$1.50 per ream.

TYPE RULE FOR MEASURING COMPOSITION

EACH POINT IS SET IN ITS CORRECT SIZE FOR
: : : COMPARISON, AS ON A TYPE RULE : : :

5 POINT measures 15 ems to the inch.

5½ POINT measures 13 ems to the inch.

6 POINT measures 12 ems to the inch.

8 POINT measures 9 ems to the inch.

10 POINT measures 7½ ems to the inch.

12 POINT measures 6 ems to the inch.

To get number of ems in a page, multiply the square of the type page by the square of the ems in an inch.

EXAMPLE:

Size of page, 5 inches wide \times 6 inches long
=30 square inches.

Type, 12 point=6 ems to inch=(square)
36 ems.

Square of page (30) \times square of type (36)
=1,080 ems to page.

NOTE.—4½ point, which measures 16 ems to the inch; 7 point, which measures 10 ems to the inch; 9 point, which measures 8 ems to the inch, and 11 point, which measures 6 3-5 ems to the inch, are not set in scale, as they are little used.

Full list of watermarked and brand papers, with prices of same, carried in stock by the New York dealers.

In lots of less than a ream add one cent per pound, and in large lots get direct quotations.

For addresses and telephone calls of these dealers see list of Paper dealers in trade directory.

*Papers marked * thus, not watermarked.*

Hurd's and Whiting's ream prices subject to 20% discount.

"S" as price mark means controlled by a Stationer. No price quoted.

"N" as price mark means not quoted.
